3. A discussion ensued on the objectives of the study to be undertaken with general agreement that the study outline submitted at the first meeting be followed. The task force was directed to contact all interested parties to the subject and recommend the scope, location, and funding requirements for this work in the government community. The problem of FY 68 funding was discussed, but without clear solution at this time. The task force was asked to address itself to this problem, but only after it had made its long-range recommendations. A draft of the final study will be reuted to all interested parties for comment prior to final sign-off by BoB.

4. Target dates:

Draft by 1 April 1967

Final by 15 April to 1 May 1967
